PIKE ROAD
SCHOOLS

THINK. INNOVATE. CREATE. *THE PIKE ROAD WAY.*

March 13, 2017

To Whom It May Concern:

The Pike Road Board of Education has spent the past several weeks meeting with Town of Pike Road Mayor Gordon Stone, town council members, and other community leaders to ensure the superintendent search process is conducted in a thorough manner.

After careful consideration, we have decided to extend the superintendent application deadline until April 21, 2017 at 5:00 p.m. It is our goal that this extension will allow for additional community feedback and give ample time for important conversations to help guide our decision. We also hope that potential candidates will take advantage of this time to learn more about our school system and community.

This is a monumental decision and one that we do not take lightly. Therefore, each candidate will be carefully vetted and we will make all efforts to ensure that we find the best superintendent for our school system.

Thank you,

Raymond J. Hawthorne
Board of Education President
